

There are an estimated

7,000 orphans across the world with
Down syndrome

The expensive adoption process for these special children can be complicated by the many health or developmental challenges they face.

That's why I fundraise for

RODS

Logan
our 31st orphan

Adoption grants raised, help
orphans like Logan find their family!

Orphans with Down syndrome are left in orphanages without the physical and mental care that is needed to keep them healthy. Don't miss the chance to help me raise a part of an adoption grant that will help Logan, an orphan who has Down syndrome find a family to love and take care of him.

Whether you can give a little or a lot, please consider donating to this cause that is close to my heart. You can donate towards my goal here: [Insert athlete page]
